

MARK JEFFERSON TAN

Customer Service & Technical Support Professional

PROFILE

Customer service professional with hands-on experience in technical troubleshooting and healthcare device support. Skilled in using CRM and AI-assisted documentation tools to resolve customer concerns efficiently, consistently exceeding satisfaction and handle-time targets. Adaptable communicator with international exposure across Taiwan, Hong Kong, and Macao, and a strong interest in growing within technology and technical support.

WORK EXPERIENCE

Customer Service Representative | Foundever (Healthcare Account)

June 2025 - Present

- Support users of connected health monitoring devices, handling an average of 20 to 25 calls daily covering troubleshooting, device replacement, and setup guidance.
- Maintain a Customer Satisfaction (CSAT) score consistently above 98%, with an Average Handle Time (AHT) of around 500 seconds, well under the account's 700-second target.
- Log and process cases using Salesforce and Unity, supported by an AI-assisted call transcription tool that captures call details in real time.
- Coach and support new hires as a Subject Matter Expert (SME), providing guidance on tools, processes, and account knowledge.
- De-escalate frustrated customers and guide them back to confident, continued use of their device.

Merchandise Sales Associate | Khan's Footwear

2022 - 2025

- Assisted customers with product selection and recommendations, delivering a positive and personalized shopping experience.
- Managed sales transactions, inventory organization, and store presentation to support daily operations.

Junior Liaison Officer | Windsoar Visa Consultancy Services

2018 - 2022

- Processed and verified documents for foreign workers, ensuring accuracy and compliance with immigration and labor requirements.
- Coordinated with government agencies and partner organizations to facilitate timely submission and approval of applications.
